

Welcome

Welcome to my personal portfolio website. I am a software developer and IT student passionate about technology.

"Any fool can write code that a computer can understand. Good programmers write code that humans can understand."
— Martin Fowler

I enjoy writing clean code using [HTML](#), [x2](#) and [H2O](#). Examples include

Software Developer

I am Furaha Mubaraka, a passionate software developer and IT student at Rwanda Polytechnic. With expertise in web development, problem-solving, and creating elegant code solutions.

My Skills

A comprehensive overview of my technical and creative capabilities.

Software Development

- HTML, CSS, JavaScript (basic)
- Python programming
- Git & GitHub version control
- Database management (MySQL, SQLite)
- Debugging & problem solving

Code Example:

```
function greet(name) { return "Hello, " + name + "!"; }
console.log(greet("Furaha"));
```

Graphic Design

 Figma UI/UX design

 Adobe Photoshop basics

 Image editing & retouching

 Vector graphics creation

Other Skills

Communication

Team collaboration and client communication

Time Management

Planning and meeting deadlines

Data Analysis

Using Excel, Python, and SQL for reports

Skill Levels

Software Development

Graphic Design

Data Analysis

Code & Tech Knowledge

Example of using variables:

```
let age = 20;
```

Sample output:

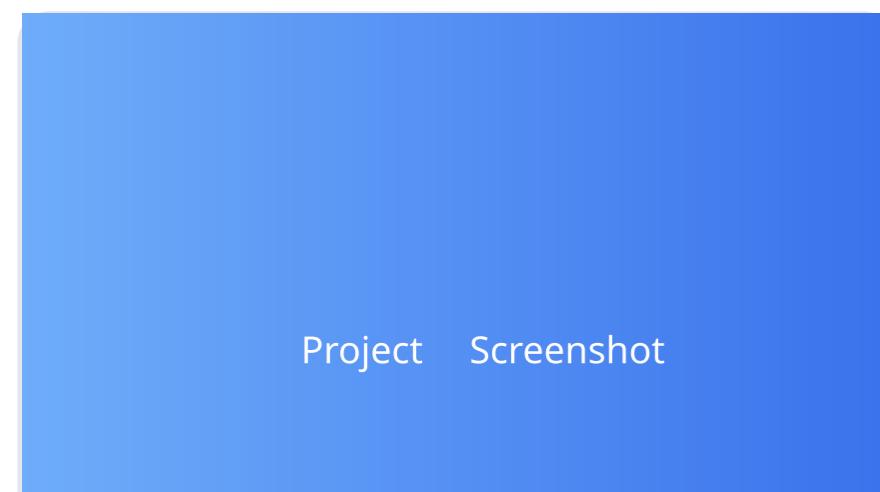

```
Hello World!
```

This page shows all my technical and creative skills.
